Beautify your room

Style/Purpose

Rental: we own a rental and need window treatments that are durable and functional for everyday use of tenants but also affordable

Trendy - we want the latest trends and need advice on combining fashion and function

Classic - we want a timeless look and a functional blind that suits the space, a great quality that will last for years

Operation

Motorized - control your blinds using a remote

Smart Home compatible - operate your blinds using Google home, Alexa or your phone

Manual - operate your blinds by pull cords

Quality

Premium - Fabrics that enhance the interior design of your space. They add a luxury look to your space.

Standard - Mid-range priced fabrics that offer functionality in a wide range of colours and textures.

Basic - Prioritizes function over the look and feel.

Advantages of Motorized Blinds and Smart Home Technology

- A luxurious addition to your home
- Ideal for tech lovers and convenience of operating blinds with click of a button
- Use it for hard to reach, high windows.
